International Study/Internship
Students will have the opportunity to learn about the social, political, cultural, environmental and economic changes that are shaping the world and to combine this knowledge with a period of study abroad/exchange at one of over 60 partner institutions around the world. As an alternative to studying coursework abroad, selected students may have the opportunity to undertake an approved overseas internship. This course will provide valuable global experience together with an opportunity to reflect on and evaluate this experience.

Information sessions will be held to provide further guidance during first, second and third year. You will normally be required to start the process of finding an exchange or internship during your second year.

Once your placement in an overseas university has been confirmed, ACU International will enrol you into GLST300.
